T3	Tue 02:30-03:30	TR+33, The Hive, B2-10
T4	Tue 03:30-04:30	TR+33, The Hive, B2-10
T5	Tue 04:30-05:30	TR+33, The Hive, B2-10
T6	Fri 01:30-02:30	TR+38, The Hive, B1-04
T7	Fri 02:30-03:30	TR+38, The Hive, B1-04
T8	Fri 03:30-04:30	TR+38, The Hive, B1-04

## Textbooks

Lecture notes will be posted on NTULearn before the lecture. The textbook is "Microeconomics with Calculus" by Jeffrey M. Perloff, Pearson Education, 3rd edition (older editions can also be used).

## Assessment

Homework (10%)

There are 4 tutorial problem sets. You have to turn in a **hand-written** copy of your solutions to a subset of the problems that are starred (\*). The due date is the last day of lecture, April 15, 2016. **Late homework will not be accepted.**

The tutorial problem sets are typically posted on Fridays. Solutions to the problem set are discussed in the tutorial sessions of the following week.

**Participation (5%)**

You are expected to behave civilly in lectures, tutorial sessions, and consultation hours. Most importantly, please keep quiet during class.

**Final Examination (70%)**

The final exam is cumulative and closed-book.

## Proposed Lecture Schedule

Week	Date	Topic	Reading
7	2/26	Externalities	Perloff Ch 17
		Tutorial sessions by Prof Hong	
8	3/4	Recess week	
		No tutorial sessions
